Family Activities:

Social Media:

Exchequer:

Fundraising: Still looking for someone to train/ a buddy to help out

Chamberlain: Vacant

Teamster: Not present

Awards: Not present

Herald: Not present

Earl Marshal: Received reports from about 40% of branches. Very low reporting. Will continue to remind branches to report. All practices and events need to post required wording for harassment policy and covid wordings

Archery: Archery will not happen at Aug Invest - site problems, moving to November Coronet, more details to come

a couple branches struggling to find archery location

Princess: Athelina went out of her way and put a lot of work into Aug Invest archery with the RDN, above and beyond, massive thank you

Athelina: Also shout out to Elphin for working with RDN

Elphin: thank you to everyone, they backed away from a commitment made by another group after they took over the site

Kheron: stressful thing all around but plus side we have a bigger safety plan to use for events than BoT going forward

TW: Not present

Rapier: 2 applications for next! Want better reporting before next folks take over.

C&T: Still vacant

Equestrian: Not present

Youth Combat: At kingdom level, it's picking up – kingdom knows there just aren't marshals. Working to get more.

Lists:

Chronicler: Vacant, but there are applicants

A&S: about 60% reporting. A&S section of website is getting rolled into the main website, actual Web minister can keep it updated. It won't be as labour intensive to maintain.

-ASB next month. Some A&S entries! Bardic something.

no entries yet, format not yet live and publicized, wrestling archery too much, but it is made and hopefully posted really soon

I would like folks who normally don't want to enter bardic because scary, and see if entering this year could be fun

declare by the end of August investiture (intent and field of entry for finding

judges)

opportunity for people who can't get to the event to possibly prerecord an online submission

format out within 48 hours

also doing a quick demo of a possibility for an entry at Aug Invest ~ DANCE PARTY

Princess: bardic online component wanted from pandemic; to find a way to include people

Jaz and Athelina took curveball and ran with it, awesomeness, thank you

more inclusive

Ath: rest of the team shout out; people like half the Kingdoms in the known world, beta testing from Bardic War etc

including vigilant Medb

Jaz: happy warning - someone reached out to ask for a distance A&S entry this year, didn't work out for other reasons, but possibility!

Chatelaine: wants to travel, look through handbook, etc. Newcomer's tour at a branch event. Give folks a taste of everything that's happening, connect them to folks who can help them do the things they want to start doing. Lionsdale is having super success with practices – sometimes 65+ people – need to learn how they're doing the media stuff, as they are being very enthused about using social media. They are thinking of making a class on how they do it.

Scribe: Maminka getting set up
